

Year 3 bingo-style recommended reading list.

To encourage you to read a wide range of books, we would like to see how many of these books you can read this year. You can read them in any order, but if you want to play bingo, you might decide to choose a row, a column, a diagonal or the 4 corners first. When you have finished a book you will be able to talk about it in the classroom, you will be need to prove that you have read it by answering a few questions. The more you read, the more rewards you'll receive! Happy reading.....
